

(DG) Convening

October 2022

Directors Gathering will be hosting a Convening in October 2022

Manifesting an Ecosystem for Directors

With this convening (DG) wants to create an inclusive, dynamic, centralized, and welcoming environment for theater directors to convene with their community of peers and colleagues that have a vested interest in the work of an ecosystem for directors.

The Convening will:

- Bring a network of directors and collaborators together in shared virtual spaces
- Encourage conversations about how the industry can shift through peer advocacy
- Establish new communication platforms for our network - resource sharing through the (DG) Journal and topical conversations in Mighty Networks

Directors Gathering (DG) is building a community for theatre directors everywhere.

(DG) is the only organization in the United States that provides a consistent community for theatre directors. We encourage member directors to be in perpetual process, challenging them to reexamine how and why they work on projects, and give them the reinvigorating chance to return to their craft with new eyes. Our membership events and programs are all currently virtual to connect member directors from all over the country.

(DG) is committed to creating anti-racist, inclusive, equitable, safe, accessible, and transparent spaces in all facets of our gathering. For accountability statement please see our website.

Ways to connect with (DG) Members:

(DG) Journal

A quarterly journal for members only.

(DG) Mighty Networks

A ongoing online community for members.

(DG) Studio: Throwback

Narrated audio recordings of selection of programming from the Convening.
